Independent Accountants' Review Report

Board of Directors
Beazley Foundation, Incorporated

We have reviewed the accompanying statement of financial position of *Beazley Foundation, Incorporated* as of December 31, 2010, and the related statements of activities and cash flows for the year then ended. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the review in accordance with *Statements on Standards for Accounting and Review Services* issued by the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance that there are no material modifications that should be made to the 2010 financial statements. We believe that the results of our procedures provide a reasonable basis for our report.

Based on our review, we are not aware of any material modifications that should be made to the accompanying 2010 financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America

Beazley Foundation, Incorporated

Notes to Financial Statements

December 31, 2010

1. Organization and Nature of Activities

Beazley Foundation, Incorporated (Foundation) was organized by Fred W. Beazley, Marie C. Beazley and their son, Fred W. Beazley, Jr., who contributed the Foundation's original assets to further the cause of charity, education and religion.

2. Summary of Significant Accounting Policies

Financial Statements

Financial statements of not-for-profit organizations report net assets as permanently restricted, temporarily restricted, and unrestricted based on the existence or absence of donor contributed assets which have temporary or permanent restrictions applicable to them. At December 31, 2010, all of the Foundation's assets have been classified as unrestricted.

Basis of Accounting

The Foundation uses the accrual basis of accounting.

Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses and disclosure of contingent assets and liabilities for the reported periods. Actual results could differ from those estimates and assumptions.

Investments

Investments in equity securities with readily determinable fair values and all debt securities are reported at fair market value with unrealized gains and losses included in the statements of activities.

Investments in nonpublicly traded real estate partnerships are generally valued at cost. However, management deems that it is unlikely to receive any benefit beyond its stated capital account. Accordingly, investments are written down to their equity/capital balance if that balance is lower than cost. This method is necessary due to the lack of a readily determinable fair value of the companies or their underlying assets.

Cash Equivalents

The Foundation considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Property and Equipment

Property and equipment are recorded at cost if purchased or at estimated fair market value at time of acquisition if acquired by gift. The Foundation capitalizes purchases over \$300 with an estimated life greater than one year.

Depreciation is provided on a straight-line basis over the following estimated useful lives:

| | |
|---------------------------|--------------|
| Building and improvements | 5 - 40 years |
| Equipment and furnishings | 5 - 15 years |
| Vehicle | 5 years |

Gifts and Grants

Unconditional promises to make gifts and grants are recorded when they are communicated to the recipient and conditional promises to make gifts and grants are recorded once the condition imposed by the Foundation has been met. Gifts and grants are reported for tax purposes on the cash basis.

Deferred Compensation

Deferred compensation represents the estimated present value of future payments required under deferred compensation arrangements using appropriate accrual estimates, a 7% discount factor, and no cost of living adjustment.

Excise and Income Taxes

The Foundation is a private foundation under Internal Revenue Service regulations and thus is required to pay a 1% or 2% excise tax on its net investment income and to make annual charitable distributions of 5% of the average market value of its investment assets in order to avoid additional taxation.

Excise taxes are provided for the effects of transactions reported in the financial statements, and consist of taxes currently due plus deferred taxes related to unrealized losses/gains on investments reported for financial statements. The deferred tax asset/liability represents the future tax return consequences of those losses/gains when realized.

The Foundation is subject to unrelated business tax on its unrelated business income as explained in Note 7. Fiscal years ending on or after December 31, 2007 remain subject to examination by federal and state tax authorities.

Concentration of Credit Risk

Financial instruments which potentially subject the Foundation to concentration of credit risk consist principally of temporary cash investments. The Foundation places its temporary cash investments with high credit quality financial institutions. At December 31, 2010, there were no temporary cash investments on deposit in excess of the FDIC insured limit.

Subsequent Events

In preparing these financial statements, the Foundation has evaluated events and transactions for potential recognition or disclosure through September 9, 2011, the date the financial statements were available to be issued.

3. Investments

Investments held by brokers consist of the following:

| | <u>Cost</u> | <u>Market</u> |
|---------------------------------------|----------------------|----------------------|
| Cash equivalents | \$ 2,042,266 | \$ 2,042,266 |
| U.S. government securities | 2,214,540 | 1,984,203 |
| Limited partnerships | 234,432 | 360,528 |
| Mutual funds and corporate securities | 33,061,056 | 38,976,042 |
| Fixed income | 3,012,772 | 3,029,695 |
| | <u>\$ 40,565,066</u> | <u>\$ 46,392,734</u> |

Investment management fees of \$207,281 were paid to investment managers during 2010.

Investments managed by the Foundation consist of the following:

| | <u>Cost</u> | <u>Market</u> |
|---|---------------------|---------------------|
| Tidewater Holdings Co., LLC 1.456% limited interest | \$ (167,841) | \$ (167,841) |

| | <u>\$ 1,041,010</u> | <u>\$ 1,012,241</u> |

The limited liability companies represent entities which have invested in various real estate developments and activities.

4. Property and Equipment

Property and equipment used for charitable and administrative purposes consist of the following:

| | |
|---------------------------------|------------|
| Land | \$ 58,946 |
| Buildings and improvements | 539,029 |
| Equipment and furnishings | 166,093 |
| Vehicle | 44,546 |
| | <hr/> |
| | 808,614 |
| Less - accumulated depreciation | (521,903) |
| | <hr/> |
| | \$ 286,711 |

5. Pension Plan

The Foundation has a money purchase pension plan which covers all employees. An employee becomes eligible after one year of service and 100% vested after three years of participation. Contributions to the plan are calculated annually at 10% of eligible wages. Contributions were \$51,874 for 2010.

6. Deferred Compensation

Previously, the Foundation had deferred compensation agreements with employees. These plans are still in existence for five former officer-trustees or their surviving spouses, one current employee, and the immediate past President who is now serving as a trustee. The agreements call for monthly cash payments from the date of retirement for their lifetime and their spouses' lifetime and are being partially funded by an annuity. At December 31, 2010, five deferred compensation participants or their surviving spouses were receiving benefits under these agreements.

A total of \$136,497 was paid to participants during 2010. The Foundation expects to distribute \$131,221 in 2011 and each year thereafter unless there is a change in participant status due to retirement and/or death or the board elects to provide a cost of living adjustment to participants.

The deferred compensation liability is calculated assuming a 7% discount rate and a 2% annual cost of living adjustment.

During 2010, the Foundation incurred a deferred compensation benefit due to the death of a participant in the plan. This created a reduction in the liability in excess of the increase in expected benefits to be paid for the remaining beneficiaries. The benefit was \$36,459 in 2010.

7. **Excise and Income Tax**

Federal excise and income tax expense on net investment income is as follows:

| | |
|--|------------------|
| Excise tax percentage | <u>2%</u> |
| Excise tax currently due | \$ 98,754 |
| Deferred excise and income tax expense | <u>(28,815)</u> |
| | <u>\$ 69,939</u> |

The tax effects of temporary differences that give rise to significant portions of the net deferred tax asset (liabilities) at December 31, 2010 are presented below:

| | |
|-----------------------------------|-------------------|
| Deferred tax assets: | |
| Unrelated business taxable income | \$ 252,892 |
| Disabled access credit | 1,617 |
| | <u>254,509</u> |
| Deferred tax liabilities: | |
| Unrealized gains on investments | <u>(115,978)</u> |
| | <u>\$ 138,531</u> |

The deferred tax liability - excise tax results from the recognition of unrealized gains and losses in the financial statements on investments held by or on behalf of the Foundation. Unrealized gains or losses are not subject to federal excise tax expense or benefit until these investments are sold and the gains and losses are realized.

The deferred tax asset - unrelated business taxable income results from the losses that are being carried forward and which are associated with unrelated business taxable income generated by the Foundation's investments in various rental real estate limited liability companies. The income from these investments is subject to unrelated business taxable income tax and limited by passive activity rules, which limit the amount of losses deductible in any year to the extent of income generated in that year. Any excess loss is then carried forward until such time as the sufficient income is generated to absorb the loss or until the activity is disposed.

In order to avoid additional excise tax, the Foundation is required to make minimum annual distributions for charitable purposes based on income and the average market value of assets held during each tax year. Qualifying distributions in excess of minimum annual distributions may be carried forward for a specific period to reduce future minimum annual distribution requirements.

A summary of distribution requirements for 2010 is as follows:

| | |
|--|-----------------------|
| Undistributed (over distributed) income from prior year | \$ (2,682,391) |
| Distributable amount | 2,180,918 |
| Qualifying distributions made | <u>(3,224,274)</u> |
| Over distributed income to be credited to next year's distributable amount | <u>\$ (3,725,747)</u> |

8. Fair Value Measurements

The Foundation follows accounting standards codification topic 820-10, *Fair Value Measurements* (FASB ASC 820-10), which provides a framework for measuring fair value under generally accepted accounting principles. FASB ASC 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. FASB ASC 820-10 requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. FASB ASC 820-10 also establishes a fair value hierarchy, which prioritizes the valuation inputs into three broad levels.

Financial assets and liabilities valued using level 1 inputs are based on unadjusted quoted market prices within active markets. Financial assets and liabilities valued using level 2 inputs are based primarily on quoted prices for similar assets or liabilities in active or inactive markets. Financial assets and liabilities using level 3 inputs are primarily valued using management's assumptions about the assumptions market participants would utilize in pricing the asset or liability. Valuation techniques utilized to determine fair value are consistently applied.

The following table presents the Foundation's fair value hierarchy for the above assets and liabilities measured at fair value on a recurring basis:

The following tables sets forth by level, within the fair value hierarchy, the Foundation's assets and liabilities at fair value as of December 31, 2010:

| Assets | Level 1 | Level 2 | Level 3 | Total Fair Value |
|--|----------------------|-------------|-------------|----------------------|
| Investments: | | | | |
| Cash and money funds | \$ 2,068,060 | \$ - | \$ - | \$ 2,068,060 |
| U.S. government securities | 1,984,203 | - | - | 1,984,203 |

| Total investments | \$ 46,563,965 | \$ - | \$ - | \$ 46,563,965 |

9. Investment in Real Estate Partnership

Investments in real estate partnerships are accounted for at cost. Management evaluates the investments for impairment when events or changes in circumstances may have an adverse effect on the fair value of those investments. The aggregate carrying value of investments in real estate partnerships accounted for on the cost method is \$841,010 at December 31, 2010. The Foundation did not identify any events or changes in circumstances that might have an adverse effect on fair value.

10. Estate of Fred W. Beazley

The Foundation is the residual beneficiary of the Fred W. and Marie C. Beazley Trust and Emergency Fund which was established on behalf of certain members of the Beazley family. The balance, if any, to be received by the Foundation after distributions to the family is not determinable at the present time.

11. Gifts and Grants Payable

The Foundation is committed to provide gift and grant payments to Eastern Virginia Medical School and Virginia Foundation for Independent Colleges which can be cancelled by the Board at any time.

Future gift and grant payments under these commitments are as follows:

| | | |
|------|----|------------------|
| 2011 | \$ | 325,000 |
