REPORT OF INDEPENDENT AUDITORS

The Board of Trustees
Beazley Foundation, Incorporated
Portsmouth, Virginia

We have audited the statements of financial position of **Beazley Foundation, Incorporated** as of December 31, 2000 and 1999, and the related statements of activities, and cash flows for the years then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **Beazley Foundation, Incorporated** as of December 31, 2000 and 1999, and the results of its activities and cash flows for the years then ended in conformity with generally accepted accounting principles.

BEAZLEY FOUNDATION, INCORPORATED

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2000 AND 1999

NOTE 1- ORGANIZATION AND NATURE OF OPERATIONS

The Foundation was organized by Fred W. Beazley, Marie C. Beazley and their son, Fred W. Beazley, Jr., who contributed the Foundation's original assets to further the cause of charity, education and religion.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Statements

Financial statements of not-for-profit organizations report net assets as permanently restricted, temporarily restricted, and unrestricted based on the existence or absence of donor contributed assets which have temporary or permanent restrictions applicable to them. At December 31, 2000 and 1999, all of the Foundation's assets have been classified as unrestricted.

Basis of Accounting

The Foundation uses the accrual basis of accounting.

Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses and disclosure of contingent assets and liabilities for the reported periods. Actual results could differ from those estimates and assumptions.

Investments

Investments in equity securities with readily determinable fair values and all debt securities are reported at fair market value with unrealized gains and losses included in the Statement of Activities.

Property and Equipment

Property and equipment are recorded at cost if purchased or at estimated fair market value if acquired by gift.

(Notes continued on next page)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property and Equipment (continued)

Depreciation is provided on a straight-line basis over the following estimated useful lives:

Buildings and improvements	5 -40 years
Equipment and furnishings	5-10 years
Vehicle	5 years

Gifts and Grants

Unconditional promises to make gifts and grants are recorded when they are communicated to the recipient and conditional promises to make gifts and grants are recorded once the condition imposed by the Foundation has been met. Gifts and grants are reported for tax purposes on the cash basis.

Deferred Compensation

Deferred compensation represents the estimated present value of future payments required under deferred compensation arrangements using appropriate accrual estimates, a 7% discount factor, and a 2% cost of living adjustment.

Excise Taxes

The Foundation is a private foundation under Internal Revenue Service regulations and thus is required to pay a 1% or 2% excise tax on its net investment income and to make annual charitable distributions of 5% of the average market value of its investment assets in order to avoid additional taxation.

Excise taxes are provided for the effects of transactions reported in the financial statements, and consist of taxes currently due plus deferred taxes related to unrealized gains on investments reported for financial statements. The deferred tax liability represents the future tax return consequences of those gains which will be taxable when realized.

Concentration of Credit Risk

Financial instruments which potentially subject the Foundation to concentration of credit risk consist principally of temporary cash investments. The Foundation places its temporary cash investments with high credit quality financial institutions. At December 31, 2000 and 1999, the Foundation had temporary cash investments on deposit in excess of the F.D.I.C. insured limit at a single financial institution. In addition, a portion of the cash at one of the financial institutions is held in an overnight investment account which is not insured by the F.D.I.C.

(Notes continued on next page)

Investment management fees of \$611,995 and \$429,054 were paid to investment managers during 2000 and 1999, respectively. The investment management agreement which is applicable only to Liberty Investment Management also provides for an incentive management fee calculated on March 31 of each year at 20% of the market value of a portion of the Foundation's portfolio in excess of the value of the same portfolio had it been invested in the Standard & Poor's 500 stock index, less the total amount of any incentive management fees paid in prior years. An incentive management fee of approximately \$350,000 and \$99,000 was paid in 2000 and 1999, respectively.

NOTE 5 - DEFERRED COMPENSATION

The Foundation has deferred compensation agreements with seven officer-trustees or their surviving spouses and two employees which provide for monthly cash payments from the date of retirement for their lifetime and their spouses' lifetime. Effective January 1, 1992, the employees' deferred compensation payments commenced, and are being partially funded by an annuity. At December 31, 2000 seven deferred compensation participants or their surviving spouses were receiving benefits under these agreements.

The provision for deferred compensation was \$289,361 and \$145,919 in 2000 and 1999, respectively. The large variance in the expense between 2000 and 1999 is related to the early retirement due to disability of a previously covered individual in 2000. A total of \$97,865 and \$89,982 was paid to participants during 2000 and 1999, respectively. The Foundation expects to distribute \$123,578 in 2001 under these agreements.

NOTE 6 - EXCISE TAX (BENEFIT)

Federal excise tax (benefit) on net investment income is as follows:

	<u>2000</u>	<u>1999</u>
Excise tax percentage	<u>1%</u>	<u>1%</u>
Excise tax currently due	\$ 91,794	\$ 76,820
Deferred excise tax (benefit)	<u>(216,866)</u>	<u>25,016</u>
	<u>\$ (125,072)</u>	<u>\$ 101,836</u>

Deferred excise taxes of \$112,908 and \$329,774 result from the recognition of unrealized gains and losses in the financial statements on investments held by the Foundation at December 31, 2000 and 1999, respectively. These unrealized gains and losses are not subject to federal excise tax until these investments are sold and the gains or losses become realized.

In order to avoid additional tax, the Foundation is required to make minimum annual distributions for charitable purposes based on income and the average market value of assets held during each tax year. Qualifying distributions in excess of minimum annual distributions may be carried forward for a specific period to reduce future minimum annual distribution requirements.

(Notes continued on next page)

NOTE 6 - EXCISE TAX (Continued)

A summary of distribution requirements for the years ended December 31, 2000 and 1999 are as follows:

	<u>2000</u>	<u>1999</u>
Undistributed income from prior year	\$ 2,799,541	\$ 2,809,820
Distributable amount	3,641,529	3,261,409
Qualifying distributions made	<u>(3,530,847)</u>	<u>(3,271,688)</u>
Undistributed income at end of year required to be distributed within one year	<u>\$ 2,910,223</u>	<u>\$ 2,799,541</u>

NOTE 7 - PENSION PLAN

The Foundation has a money purchase pension plan which covers all employees. An employee becomes 100% vested after five years of service. Contributions to the plan are calculated annually at 10% of eligible wages. Contributions of \$31,822 and \$29,219 have been accrued in 2000 and 1999, respectively.

NOTE 8 - ESTATE OF FRED W. BEAZLEY

The Foundation is the residual beneficiary of the Fred W. and Marie C. Beazley Trust and Emergency Fund which was established on behalf of certain members of the Beazley family. The balance, if any, to be received by the Foundation after distributions to the family is not determinable at the present time.
